Protect Your Software Investment!

The BASIS Software Asset Management (SAM) Plan guarantees availability of the most current BASIS products and gives you the ability to upgrade your license(s) to the most recent product revision and receive software enhancements, bug fixes, and compatibility with the most current technology. The BASIS SAM Plan is a cost effective way to ensure access to technical support and receive preferred pricing on additional users.

Upgrade Your License Today

+ **Protect** application data with field and file level encryption, and secure communication; a powerful reason to update your license
+ **Develop** PRO/5®, Visual PRO/5®, and BBj® in the graphical and intuitive BASIS Integrated Development Environment, providing you with a modern development tool for rapid application development and maintenance
+ **Access** the full BASIS Product Suite; power PRO/5, Visual PRO/5, and BBj sessions and ODBC/JDBC connectivity from the same license simultaneously thereby easing your migration path
+ **Try** BBj with your application, and see why developers are moving their applications to this newest generation of BBx with its powerful superset of Business BASIC language and database capabilities
+ **Go** GUI – upgrade from PRO/5 to the graphical Visual PRO/5 or BBj to deliver a user-friendly, intuitive, modern application

BASIS SAM Plan Highlights

✓ **Automatic upgrades** to the latest BASIS products, ensuring operating system compatibility and access to current features and functions
✓ **Latest technology** to integrate into your application, securing its marketplace competitiveness
✓ **More accurate budgeting** for your software expenditures and upgrades
✓ **Potential tax savings** and quicker approvals of upgrades by treating the software expenditures as operating expenses rather than capital investments
✓ **Guaranteed technical and engineering support**

BASIS SAM Plan $avings

$ **No cost upgrades** while on SAM
$ **Reduced cost** to purchase additional users of a BASIS license
$ **Discounted fees** on BASIS training courses
$ **Free implementation** of features and services such as redundant licensing, license consolidations, and license resets
$ **Free technical support** for up to five incidents per year

Call your BASIS Sales Representative or Distributor today to find out how you can protect your investment and save money with the BASIS SAM Plan.
